## **DECLARATION OF CONSOLIDATION OF FINANCIAL STATEMENTS OF AFFILIATES**

The entities that are required to be included in the consolidated financial statements of affiliates in accordance with the “Criteria Governing Preparation of Affiliation Reports, Consolidated Business Reports and Consolidated Financial Statements of Affiliated Enterprises” for the year ended December 31, 2025 are all the same as those included in the consolidated financial statements prepared in conformity with the International Financial Reporting Standard 10, “Consolidated Financial Statements.” In addition, the information required to be disclosed in the consolidated financial statements is included in the consolidated financial statements. Consequently, Syscom Computer Engineering Co. and its subsidiaries do not prepare a separate set of consolidated financial statements of affiliates.

Very truly yours,

**SYSCOM COMPUTER ENGINEERING CO.**

## **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Shareholders  
Syscom Computer Engineering Company

### **Opinion**

We have audited the accompanying consolidated financial statements of Syscom Computer Engineering Company (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements").

In our opinion, based on our audits and the reports of other auditors (refer to Other Matter section), the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the reports of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Group's consolidated financial statements for the year ended December 31, 2025 are stated as follows:

#### **Recognition of Contract Revenue**

The Group generates revenue through rendering of services according to contract. Revenue from contract is recognized by reference to the stage of completion of contract activity. The stage of completion of the contract is measured based on the proportion of contract cost incurred for work performed to date relative to the estimated total contract cost. The management estimates total contract cost upon signing of the contract. However, the estimated total cost may change as the contract activity progresses and such change may have material impact on revenue recognition; therefore, the recognition of contract revenue is deemed to be a key audit matter.

The procedures we performed are the following:

1. We examined the underlying documents of original contracts and related addendum used as basis for contracts not yet completed at year-end.
2. We verified the accuracy of accumulated costs incurred for contracts not yet completed at year-end through tests of details.
3. We assessed the appropriateness of underlying information and assumptions the management used in estimating total cost.
4. We performed retrospective review of discrepancy between actual costs incurred and estimated total cost of completed contract.

Please refer to Notes 4 and 5 to the financial statements for related disclosure on revenue recognition.

### **Other Matters**

In the Group's consolidated financial statements, the financial statements of partial subsidiaries that are not material were audited by other auditors. Therefore, in our opinion on the consolidated financial statements as mentioned above, the amounts shown in such subsidiaries' financial statements were recognized based on the audit reports prepared by other auditors. The total assets of the above subsidiaries as of December 31, 2025 and 2024 were NT\$121,367 thousands and NT\$277,904 thousands, respectively, which represented 3% and 6% of the total consolidated assets; the net operating revenue for the years ended December 31, 2025 and 2024 was NT\$38,394 thousands and NT\$109,187 thousands, which represented 1% and 2% of the net consolidated operating revenue.

We have also audited the parent company only financial statements of Syscom Computer Engineering Company as of and for the years ended December 31, 2025 and 2024 on which we have issued an unmodified opinion with the other matter section

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the

aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2025, and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Pei-De Chen and Liu Wen-Ling.

Deloitte & Touche

(Concluded)

SYSCOM COMPUTER ENGINEERING CO. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

Years Ended December 31, 2025 and 2024

(Amounts in thousands of NTD, unless stated otherwise)

1. General

SYSCOM COMPUTER ENGINEERING CO. (the "Company") was incorporated in July 1975. The Company mainly leases and sells computer systems and designs computer software. It also provides services for the integration of computer information systems and maintenances of computer hardware. The Company's shares have been listed on the Taiwan Stock Exchange since May 22, 2001.

The financial statements are presented in the Company's functional currency, New Taiwan dollars.

The Company and its subsidiaries are hereinafter collectively referred to as the "The Group".

2. The Date and Procedures of Authorization of Financial Statements

The consolidated financial statements were approved by the Board of Directors on March 13, 2026.

3. Application of New and Revised Standards and Interpretations

- (1) Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the "IFRS Accounting Standards") endorsed and issued into effect by the Financial Supervisory Commission (FSC).

The initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have material impact on the Group's accounting policies.

- (2) The IFRS Accounting Standards endorsed by the FSC for application starting from 2026

<u>New/Revised/Amended Standards and Interpretations</u>	<u>Effective Date Announced by the IASB</u>
Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"	January 1, 2026
Amendments to IFRS 9 and IFRS 7 "Contracts Referencing Nature-dependent Electricity"	January 1, 2026
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
IFRS 17 "Insurance Contracts" (including the 2020 and 2021 amendments to IFRS 17)	January 1, 2023

As of the date the consolidated financial statements were authorized for issue, the Group has assessed that the application of the above standards and interpretations will not have a material impact on the Group's financial position and financial performance.

- (3) IFRSs issued by the IASB but not yet endorsed and issued into effect by the FSC

<u>New/ Revised / Amended Standards and Interpretations</u>	<u>Effective Date Announced by the IASB (Note 1)</u>
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture"	To be determined by IASB
IFRS 18 "Presentation and Disclosure in Financial Statements"	January 1, 2027(Note2)
IFRS 19 "Subsidiaries without Public Accountability: Disclosures" (including the 2025 amendments to IFRS 19)	January 1, 2027
Amendments to IAS 21 "Translation to a Hyperinflationary Presentation Currency"	January 1, 2027

Note 1: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: On September 25, 2025, the FSC announced that IFRS 18 will take effect starting from January 1, 2028. Domestic entities could elect to apply IFRS 18 for an earlier period after the endorsement of IFRS 18 by the FSC.

IFRS 18 “Presentation and Disclosures in Financial Statements”

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- To classify items of income and expenses presented in the statement of profit or loss into the operating, investing, financing, income taxes and discontinued operations categories, the Group shall assess whether it has specified main business activities of investing in particular types of assets and providing financing to customers.
- The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

In addition, the following consequential amendments have been made to IAS 7 “Statement of Cash Flows”:

- The Group shall use operating profit or loss as the starting point when presenting cash flows from operating activities under the indirect method.
- Interest and dividends received by the Group shall be classified as investing activities, while interest and dividends paid shall be classified as financing activities. However, if, after assessment, the Group has a specific main operating activity, it shall determine how to classify dividends received, interest received and interest paid in the statement of cash flows by referring to how it classifies dividend income, interest income and interest expense in the statement of profit or loss. The total of each of these cash flows shall be classified in a single category in the statement of cash flows.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of other standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. Summary of Significant Accounting Policies

(1) Statement of Compliance

The consolidated financial statements have been prepared in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the IFRSs endorsed and issued into effect by the FSC.

(2) Basis of Preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value and net defined benefit liabilities which are measured at the present value of the defined benefit obligations less the fair value of the plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- A. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- B. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- C. Level 3 inputs are unobservable inputs for the asset or liability.

(3) Classification of current and non-current assets and liabilities

Current assets include:

- A. Assets held primarily for the purpose of trading;
- B. Assets expected to be realized within twelve months after the reporting period; and
- C. Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Current liabilities include:

- A. Liabilities held primarily for the purpose of trading;
- B. Liabilities due to be settled within twelve months after the reporting period; and
- C. Liabilities for which the Group does not have the substantial right at the end of the reporting period to defer settlement for at least twelve months after the reporting period.

Assets and liabilities that are not classified as current are classified as noncurrent.

(4) Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and entities controlled by the Company (subsidiaries). The subsidiaries' financial statements have been properly adjusted to make the accounting policies consistent with the accounting policies of the Group. In preparing the consolidated financial statements, all intra-group transactions, account balances, gains and losses have been eliminated. The total comprehensive income of the subsidiaries is attributable to the shareholders and non-controlling interests of the Company, even if this results in a loss balance for the non-controlling interests.

When a change in the Group's ownership interest in a subsidiary does not result in a loss of control, it is treated as an equity transaction. The carrying amounts of the Group and non-controlling interests have been adjusted to reflect the changes in their relative interests in subsidiaries. The difference between the adjustment of the non-controlling interests and the fair value of the consideration paid or received is recognized directly in equity attributable to shareholders of the Company.

Please refer to Note 11 and Tables 4 and 5 for details of subsidiaries, shareholding percentage and principal businesses.

(5) Foreign Currencies

In preparing the financial statements of each individual entity, transactions in currencies other than the entity's functional currency (i.e., foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences on monetary items arising from settlement or translation are recognized in profit or loss in the period in which they arise.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined and related exchange differences are recognized in profit or loss. Conversely, when the fair value changes were recognized in other comprehensive income, related exchange difference shall be recognized in other comprehensive income.

Non-monetary items that are measured at historical cost in a foreign currency are not retranslated.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Company's foreign operations (including those subsidiaries, associates and joint ventures in other countries or currencies used different with the company) are translated into New Taiwan dollars using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and attributed to stockholders of the parent and noncontrolling interests as appropriate.

(6) Inventories

Inventories are stated at the lower of cost or net realizable value item by item, except for those that may be appropriate to group items of similar or related inventories. The cost of the prepayments for contracts was evaluated base on each contract. Net realizable value is the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. The calculation of the cost of inventory is derived using the weighted-average method.

(7) Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence and which is neither a subsidiary nor an interest in a joint venture. A joint venture is a joint arrangement whereby the Group and other parties that have joint control of the arrangement have rights to the net assets of the arrangement.

The Group uses the equity method to account for its investments in associates and joint ventures.

Under the equity method, investments in an associate and a joint venture are initially recognized at cost and adjusted thereafter to recognize the Group's share of profit or loss and other comprehensive income of the associate and joint venture. The Group also recognizes the changes in the Group's share of the equity of associates and joint venture.

Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets and liabilities of an associate and a joint venture at the date of acquisition is recognized as goodwill, which is included within the carrying amount of the investment and is not amortized. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of acquisition, after reassessment, is recognized immediately in profit or loss.

When the Group subscribes for additional new shares of an associate and a joint venture at a percentage different from its existing ownership percentage, the resulting carrying amount of the investment differs from the amount of the Group's proportionate interest in the associate and joint venture. The Group records such a difference as an adjustment to investments with the corresponding amount charged or credited to capital surplus - changes in capital surplus from investments in associates and joint ventures accounted for using the equity method. If the Group's ownership interest is reduced due to its additional subscription of the new shares of the associate and joint venture, the proportionate amount of the gains or losses previously recognized in other comprehensive income in relation to that associate and joint venture is reclassified to profit or loss on the same basis as would be required if the investee had directly disposed of the related assets or liabilities. When the adjustment should be debited to capital surplus, but the capital surplus recognized from investments accounted for using the equity method is insufficient, the shortage is debited to retained earnings.

When the Group's share of losses in an associate or a joint venture equals or exceeds its interest in that associate and joint venture (which includes any carrying amount of the investment accounted for using the equity method and long-term interests that, in substance, form part of the Group's net investment in the associate and joint venture), the Group discontinues recognizing its share of further losses. Additional losses and liabilities are recognized only to the extent that the Group has incurred legal obligations, or constructive obligations, or made payments on behalf of that associate and joint venture.

The entire carrying amount of an investment (including goodwill) is tested for impairment as a single asset by comparing its recoverable amount with its carrying amount. Any impairment loss recognized is not allocated to any asset, including goodwill, that forms part of the carrying amount of the investment. Any reversal of that impairment loss is

recognized to the extent that the recoverable amount of the investment subsequently increases.

When the Group transacts with its associate and joint venture, profits and losses resulting from the transactions with the associate and joint venture are recognized in the Group's consolidated financial statements only to the extent of interests in the associate and joint venture that are not related to the Group.

(8) Property, plant and equipment

Property, plant and equipment are initially measured at cost, and subsequently measured at cost less accumulated depreciation and accumulated impairment loss.

Except for freehold land is not depreciated, depreciation on property, plant and equipment is recognized using the straight-line method. Each significant part is depreciated separately. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

On derecognition of an item of property, plant and equipment, the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss.

(9) Goodwill

Goodwill arising from the acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment loss.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units (referred to as "cash-generating units") that are expected to benefit from the synergies of the business combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired, by comparing its carrying amount, including the attributed goodwill, with its recoverable amount. However, if the goodwill allocated to a cash-generating unit was acquired in a business combination during the current annual period, that unit shall be tested for impairment before the end of the current annual period. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss is recognized directly in profit or loss. Any impairment loss recognized for goodwill is not reversed in subsequent periods.

Upon disposal of an operation within a cash-generating unit to which goodwill is allocated, the amount of goodwill associated with the disposed operation is included in the carrying amount of the operation to determine the disposal gain or loss.

(10) Intangible assets

A. Acquired separately

Intangible assets with finite useful lives that are acquired separately are initially measured at cost and subsequently measured at cost less accumulated amortization and accumulated impairment loss. Amortization is recognized on a straight-line basis. The estimated useful lives, residual values, and amortization methods are reviewed at the end of each reporting period, with the effect of any changes in estimates accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are measured at cost less accumulated impairment loss.

B. Derecognition

On derecognition of an intangible asset, the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss.

(11) Impairment of property, plant and equipment, right-of-use assets, intangible assets (excluding goodwill) and incremental costs of obtaining contracts

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and intangible assets, excluding goodwill, to determine whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to

determine the extent of the impairment loss. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. The Group assets are allocated to the smallest group of cash-generating units on a reasonable and consistent basis of allocation.

Intangible assets with indefinite useful lives and not yet available for use are tested for impairment at least annually and whenever there is an indication that the asset may be impaired.

The recoverable amount is the higher of fair value less costs to sell and value in use. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount, with the resulting impairment loss recognized in profit or loss.

When an impairment loss is subsequently reversed, the carrying amount of the corresponding asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined had no impairment loss been recognized on the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognized in profit or loss.

(12) Financial instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

A. Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date or settlement date basis.

a. Measurement category

The Group's financial assets are classified into the following categories: financial assets at FVTPL, financial assets at amortized cost, and investments in equity instruments at FVTOCI.

(a) Financial assets at FVTPL

Financial assets are classified as at FVTPL when such financial assets are mandatorily classified or designated as at FVTPL. Financial assets mandatorily classified as at FVTPL include investments in equity instruments which are not designated as at FVTOCI and debt instruments that do not meet the amortized cost criteria or the FVTOCI criteria.

Financial assets at FVTPL are subsequently measured at fair value, and any dividends or interest earned on such financial assets are recognized in other income and interest income, respectively; any remeasurement gains or losses on such financial assets are recognized in other gains or losses. Fair value is determined in the manner described in Note 26.

(b) Financial assets at amortized cost

Financial assets that meet the following two conditions are subsequently measured at amortized cost:

- i. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortized cost, including cash and cash equivalents, investments in debt instruments, notes receivable, accounts receivable, lease receivable, other receivables and

refundable deposits, are measured at amortized cost, which equals the gross carrying amount determined using the effective interest method less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of such a financial asset.

Cash equivalents include time deposits and repurchase agreements with original maturities within 3 months from the date of acquisition, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

(c) Investments in equity instruments at FVTOCI

On initial recognition, the Group may make an irrevocable election to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in other equity. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, instead, they will be transferred to retained earnings.

Dividends on these investments in equity instruments are recognized in profit or loss when the Group's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment.

b. Impairment of financial assets and contract assets

The Group recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including accounts receivable), lease receivables, as well as contract assets.

The Group always recognizes lifetime Expected Credit Loss (ECL) for accounts receivable, lease receivables and contract assets. For all other financial instruments, the Group recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Expected credit losses reflect the weighted average of credit losses with the respective risks of default occurring as the weights. Lifetime ECL represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represent the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The Group recognizes an impairment loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

c. Derecognition of financial assets

The Group derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset at amortized cost in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss. On derecognition of an investment in an equity instrument at FVTOCI, the cumulative gain or loss that had been recognized in other comprehensive income is transferred directly to retained earnings, without recycling through profit or loss.

B. Financial liabilities

a. Subsequent measurement

All financial liabilities are evaluated at the amortized cost using the effective interest method.

b. Derecognition of financial liabilities

The difference between the carrying amount of the financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

(13) Revenue recognition

The Group identifies the performance obligations in the contract with the customers, allocates transaction price to each performance obligation and recognizes revenue when performance obligations are satisfied.

A. Revenue from sales

Contract revenue

Contract revenue comes from software and hardware integration services.

As the Group provides software and hardware integration services, customers simultaneously receive and consume the benefits provided by the Group's performance. The effort of technical personnel and the completion of the equipment are required to perform software and hardware integration services. The Group measures the stage of completion based on the proportion of contract costs incurred on the work performed to date relative to the estimated total costs. Customers paid in installments according to contract. Contract assets are recognized over the period in which the services are performed and are reclassified to trade receivables at the point at which the customer is invoiced. If the milestone payments exceed the revenue recognized to date, then the Group recognizes contract liabilities for the difference.

When it is probable that total contract costs will exceed the total contract revenue, the expected loss is recognized as an expense immediately

Revenue from the sale of goods

Revenue from the sale of goods comes from sales of computer software, hardware and peripherals. The Group recognizes revenue and accounts receivable when performance obligations are satisfied. The performance obligations are satisfied when customers obtain control and right of use of the promised goods and bear inventory risks.

B. Revenue from the rendering of services

Revenue from the rendering of services comes from follow-up maintenance services of software and hardware during the contract period. The Group recognizes revenue over time

(14) Leases

At the inception of a contract, the Group assesses whether the contract is, or contains, a lease.

A. The Group as lessor.

Leases are classified as finance leases whenever the terms of a lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Under finance leases, the lease payments comprise fixed payments. The net investment in a lease is measured at (a) the present value of the sum of the lease payments receivable by a lessor and any unguaranteed residual value accrued to the lessor plus (b) initial direct costs and is presented as a finance lease receivable. Finance lease income is allocated to the relevant accounting periods so as to reflect a constant, periodic rate of return on the Group's net investment outstanding in respect of leases.

Lease payments from operating leases are recognized as income on a straight-line basis over the terms of the relevant leases.

B. The Group as lessee.

The Group recognizes right-of-use assets and lease liabilities for all leases at the commencement date of a lease, except for short-term leases and low-value asset leases

accounted for applying a recognition exemption where lease payments are recognized as expenses on a straight-line basis over the lease terms.

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets, and less any lease incentives received. Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are presented on a separate line in the consolidated balance sheets.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms.

Lease liabilities are initially measured at the present value of the lease payments, which comprise fixed payments. The lease payments are discounted using the interest rate implicit in a lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rates.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. When there is a change in a lease term or a change in future lease payments resulting from a change in an index or a rate used to determine those payments, the Group remeasures the lease liabilities with a corresponding adjustment to the right-of-use-assets. However, if the carrying amount of the right-of-use assets is reduced to zero, any remaining amount of the remeasurement is recognized in profit or loss. Lease liabilities are presented on a separate line in the consolidated balance sheets.

(15) Government Grants

Government grants are not recognized until there is reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognized in profit or loss on a systematic basis over the periods in which the Group recognizes as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognized as deferred revenue and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in profit or loss in the period in which they become receivable.

(16) Employee benefits

A. Short-term employee benefits

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

B. Retirement benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit costs (including service cost, net interest and remeasurement) under the defined benefit retirement benefit plans are determined using the projected unit credit method. Service cost (including current service cost) and net interest on the net defined benefit liability (asset) are recognized as employee benefit expenses in the period in which they occur. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling, and the return on plan assets (excluding interest), is recognized in other comprehensive income in the period in which it occurs. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss.

Net defined benefit liability (asset) represents the actual deficit (surplus) in the Company's defined benefit plan. Any surplus resulting from this calculation is limited

to the present value of any refunds from the plans or reductions in future contributions to the plans.

(17) Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

A. Current tax

Income tax payable (refundable) is based on taxable profit (loss) for the year determined according to the applicable tax laws of each tax jurisdiction.

According to the Income Tax Act in the ROC, an additional tax on unappropriated earnings is provided for in the year the stockholders approve to retain the earnings.

Adjustments of prior years' tax liabilities are added to or deducted from the current year's tax provision.

B. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences, research and development expenditures and personnel training expenditures to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates and interests in joint arrangements, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. A previously unrecognized deferred tax asset is also reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liabilities are settled or the assets are realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

C. Current and deferred tax

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

5. Critical Accounting Judgments and Key Sources of Estimation and Uncertainty

In the application of the Group's accounting policies, the management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

When developing material accounting estimates, the Group considers the possible impact on the cash flow projection, growth rates, discount rates, profit abilities and other relevant material estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Key Sources of Estimation and Uncertainty Timing of recognition of revenue

Contract Revenue

The recognition of project contract profit and loss is based on the degree of completion of contract activities, with revenue and costs recognized accordingly, and the degree of completion is measured by the proportion of contract costs incurred to date to the estimated total contract costs.

Since the estimated total cost and contract items are assessed and judged by management according to the nature of different projects, they may affect the calculation of the percentage of completion and the project contract profit and loss.

6. Cash and cash equivalents

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Cash on hand	\$ 1,108	\$ 1,003
Checking accounts and demand deposits	436,333	466,339
Cash equivalents (investments with original maturities of less than 3 months)		
Time deposits	1	99,315
Repurchase agreements	<u>165,027</u>	<u>166,730</u>
	<u>\$ 602,469</u>	<u>\$ 733,387</u>

The market rate ranges of bank deposits, time deposits and repurchase agreements with original maturities of less than 3 months at the balance sheet date were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Bank demand deposits	0.01% ~ 0.71%	0.01% ~ 1.00%
Time deposits with original maturities of less than 3 months		
Time deposits	0.75%	1.00% ~ 4.70%
Repurchase agreements	1.13%	1.12%

7. Financial assets at fair value through other comprehensive income

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>Investments in equity instruments - non-current</u>		
Domestic investments		
Listed shares	\$ 51,845	\$ 47,468
Unlisted shares	<u>-</u>	<u>1,595</u>
	<u>\$ 51,845</u>	<u>\$ 49,063</u>

These investments in equity instruments are not held for trading. Instead, they are held for medium to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes.

8. Financial assets at amortized cost

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Pledged time deposits	\$ 279,312	\$ 349,765
Time deposits with original maturities of more than 3 months	<u>140,628</u>	<u>111,546</u>
	<u>\$ 419,940</u>	<u>\$ 461,311</u>
Current	\$ 268,642	\$ 250,277
Non-current	<u>151,298</u>	<u>211,034</u>
Total	<u>\$ 419,940</u>	<u>\$ 461,311</u>

The ranges of interest rates for time deposits with original maturities of more than 3 months were approximately 1.38%-4.70% and 1.07%-1.73% per annum as of December 31, 2025 and 2024, respectively.

Refer to Note 28 for information relating to financial assets at amortized cost pledged as security.

Based on the Group's assessment, the credit risk of the above-mentioned financial assets at amortized cost is not expected to be high and has not increased since initial recognition. The Group does not expect to recognize any credit loss resulting from default events on financial assets at amortized cost that are possible within 12 months after the reporting date. Accordingly, no impairment loss was recognized as of December 31, 2025 and 2024.

9. Accounts receivable

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>At amortized cost</u>		
Accounts receivable	\$ 1,128,111	\$ 1,166,602
Less: Allowance for impairment loss	( <u>9,430</u> )	( <u>9,422</u> )
	<u>\$ 1,118,681</u>	<u>\$ 1,157,180</u>

The average credit period of sales of goods was 30 to 120 days. No interest was charged on accounts receivable.

In order to minimize credit risk, the management of the Group has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group measures the loss allowance for all accounts receivable at an amount equal to lifetime ECLs. The expected credit losses on accounts receivable are estimated by reference to past default experience of the debtor, an analysis of the debtor's current financial position, past experience with collecting payments, observable changes in national or local economic conditions that correlate with defaults on receivables, as well as indicators of the industry in which the debtors operate.

The Group writes off a accounts receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation. For accounts receivable that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

Considering the above conditions, the Group assesses the credit risk of individual customers based on the aging schedule of accounts receivable (based on invoice date). The following table details the loss allowance of accounts receivable.

December 31, 2025

	Less than 60 Days	61 to 90 Days	91 to 120 Days	Over 121 Days	Total
Gross carrying amount	\$ 1,019,460	\$ 60,498	\$ 15,991	\$ 32,162	\$ 1,128,111
Loss allowance (Lifetime ECL)	-	-	( 532)	( 8,898)	( 9,430)
Amortized cost	<u>\$ 1,019,460</u>	<u>\$ 60,498</u>	<u>\$ 15,459</u>	<u>\$ 23,264</u>	<u>\$ 1,118,681</u>

December 31, 2024

	Less than 60 Days	61 to 90 Days	91 to 120 Days	Over 121 Days	Total
Gross carrying amount	\$ 1,034,542	\$ 55,815	\$ 19,452	\$ 56,793	\$ 1,166,602
Loss allowance (Lifetime ECL)	-	-	-	( 9,422)	( 9,422)
Amortized cost	<u>\$ 1,034,542</u>	<u>\$ 55,815</u>	<u>\$ 19,452</u>	<u>\$ 47,371</u>	<u>\$ 1,157,180</u>

The movements of the loss allowance of accounts receivable were as follows:

	<u>2025</u>	<u>2024</u>
Balance at January 1	\$ 9,422	\$ 8,243
Impairment loss provided for the year	13	1,170
Foreign exchange gains and losses	( 5)	9
Balance at December 31	<u>\$ 9,430</u>	<u>\$ 9,422</u>

10. Inventories

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Commodities	\$ 292,026	\$ 255,721
Prepayments for contracts	141,723	195,488
Inventories in transit	9,406	5,228
Maintenance materials	<u>839</u>	<u>1,225</u>
Total	<u>\$ 443,994</u>	<u>\$ 457,662</u>

The commodities mainly consisted of computer hardware and software.

Prepayment for contracts are the cost incurred to date related to computer hardware, software and labor.

The cost of inventories recognized as cost of goods sold for the years ended December 31, 2025 and 2024 was \$4,349,304 thousand and \$4,028,288 thousand, respectively. The cost of goods sold included the write-down of inventories (reversal of write-down of inventories), totaling (\$3,705) thousand and \$3,056 thousand, respectively.

## 11. Subsidiaries

### (1) Subsidiaries included in the consolidated financial statements

The consolidated entities were as follows:

Investor	Investee	Nature of Activities	Proportion of Ownership (%)		Description
			December 31, 2025	December 31, 2024	
The Company	Casemaker Inc.(Casemaker)	Sales of computer software, hardware and related products.	100.00%	100.00%	A
	SYSCOM INTERNATIONAL INC.(SYSCOM)	Investments in other businesses	100.00%	100.00%	A、B、F
	Coach Technology Management Inc.	Diagnostic consulting for corporate management, domestic and foreign investment referral, and computerized design consulting.	97.50%	97.50%	A
	Syscom Computer(Thailand)Co., Ltd.	Development and maintenance of software and other businesses.	92.47%	92.47%	A
	Syscom Information Engineering Co.	Sales of computer software, hardware and related products.	99.28%	99.28%	A、C、E
	Netmaker Technology Co., Ltd.	Information software, data processing and electronic information supply services	92.92%	86.60%	A、D
Coach Technology Management Inc.	Syscom Computer(Thailand)Co., Ltd.	Development and maintenance of software and other businesses	0.54%	0.54%	A
Casemaker Inc. and SYSCOM INTERNATIONAL INC.	Syscom Computer(Shenzhen)Co., Ltd.(Shenzhen)	Computer equipment software development, sales of self-developed technical achievements services, computer system integration and network wiring engineering.	99.37%	98.27%	A、F
	Xian Linan Computer Co., Ltd.(Xian Linan )	Development and production of computer equipment and computer software, computer system integration network construction, sales of self-produced products, and provision of after-sales technical services.	79.23%	79.23%	A、B

- A. The amounts presented in the consolidated financial statements, except for Casemaker,SYSCOM, Shenzhen and Xian Linan, which were audited by CPA, are recognized based on the financial statements of each subsidiary audited by other auditors for the same period.
- B. Xian Lian increased its capital by US\$1,500 thousand in February 2024, the Company subscribed for cash capital increase of indirect subsidiary, Xian Lian Company through SYSCOM. The investments amounted to US\$1,300 thousand. The Company's percentage of ownership in Xian Lian increased to 79.23%.
- C. In November 2024 and April 2025, the Company acquired additional 1 thousand shares of Syscom Information Engineering Co. from an unrelated party for \$35 thousand and \$5 thousand, respectively; after the acquisition of further interests, the Company's percentage of ownership in Syscom Information Engineering Co. increased to 99.28%.
- D. In April 2025, the Company disposed of 1 thousand shares of Netmaker Technology Co., Ltd. for \$11 thousand. In June, October and November 2025, the Company acquired 209 thousand shares from non-controlling shareholders for \$495 thousand, \$1,502 thousand and \$99 thousand, respectively; following the above transactions, the Company's percentage of ownership in Netmaker Technology Co., Ltd. increased to 92.92%.
- E. Wisemaker Technology Co. changed its name to "Syscom Information Engineering Co." in October 2025.
- F. Shenzhen increased its capital by US\$7,850 thousand in November 2025, the Company subscribed for cash capital increase of indirect subsidiary, Shenzhen Company through SYSCOM. The investments amounted to US\$7,850 thousand. The Company's percentage of ownership in Shenzhen increased to 99.37%.

(2) Subsidiaries excluded from the consolidated financial statements: None.

(3) Subsidiaries with material non-controlling interests: None.

12. Investments accounted for using the equity method

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Investments in associates	\$ 12,701	\$ 14,145
Investments in joint ventures	<u>57,342</u>	<u>56,792</u>
	<u>\$ 70,043</u>	<u>\$ 70,937</u>

(1) Investments in associates

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>Associates that is not individually</u> <u>materiality</u>		
Unlisted companies		
DBMaker Japan Inc.	<u>\$ 12,701</u>	<u>\$ 14,145</u>

The Group uses the equity method to account for its investments in associates.

As at the end of the reporting period, the proportions of ownership and voting rights in associates held by the Group were as follows:

<u>Name of the company</u>	<u>December 31, 2025</u>	<u>December 31, 2024</u>
DBMaker Japan Inc.	49.89%	49.89%

The summarized financial information below represents amounts shown in the associates' financial statements prepared in accordance with IFRSs adjusted by the Group for equity accounting purposes.

	<u>2025</u>	<u>2024</u>
The Group's share of:		
Net profit(loss) for the year	(\$ 862)	\$ 2,153
Other comprehensive income	( <u>581</u> )	( <u>440</u> )
Total comprehensive income(loss)	( <u>\$ 1,443</u> )	<u>\$ 1,713</u>

The share of profits and losses and other comprehensive income from investments in associates and the Group is recognized based on the unaudited financial statements of the associates for the same period; however, the management of the Group believes that the unaudited financial statements of the above-mentioned investees do not have a material impact.

(2) Investments in joint ventures

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>Joint ventures of no materiality</u> <u>individually</u>		
Cloudmaster Co., Ltd.	<u>\$ 57,342</u>	<u>\$ 56,792</u>

At the end of the reporting period, the proportion of ownership and voting rights in jointly controlled entity held by the Group was as follows:

<u>Name of the company</u>	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Cloudmaster Co., Ltd.	50.00%	50.00%

The Group uses the equity method to account for its investments in joint ventures.

The summarized financial information below represents amounts shown in the joint venture's financial statements prepared in accordance with IFRSs adjusted by the Group for equity accounting purposes.

	<u>2025</u>	<u>2024</u>
The Group's share of:		
Net profit for the year	\$ 640	\$ 1,444
Other comprehensive income	( 90 )	( 78 )
Total comprehensive income	<u>\$ 550</u>	<u>\$ 1,366</u>

In March 2013, under the authorization of the Investment Commission of the Ministry of Economic Affairs, the Group incorporated CloudMaster under the joint venture agreement and had 50% of ownership. CloudMaster provides services in information software, data processing and electronic information. Under the joint venture agreement, in the meetings of the board of directors and the shareholders of CloudMaster, majority rule shall prevail. However, the Group's seat in CloudMaster's board of director does not exceed half of the board. Besides, under CloudMaster's policies, significant strategic decisions should be made by unanimous agreement of the shareholders of both entities, and the Group has no right to obtain the variable rewards which is unavailable to CloudMaster's shareholders and does not have direct ability to affect the rewards from investing in CloudMaster. As a result, the Group has no control over CloudMaster.

The share of profits and losses and other comprehensive income from investments in joint venture and the Group is recognized based on the audited financial statements of the joint venture for the same period.

For information on the nature of business, principal place of business and country of incorporation of the above associates and joint ventures, please refer to Table 4 "Information on Investees".

13. Property, plant and equipment

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Assets used by the Group	\$ 339,481	\$ 352,694
Assets leased under operating leases	<u>9,088</u>	<u>14,041</u>
	<u>\$ 348,569</u>	<u>\$ 366,735</u>

(1) Assets used by the Group

	<u>Land</u>	<u>Buildings</u>	<u>Maintenance equipment</u>	<u>Computer equipment</u>	<u>Leasehold improvements</u>	<u>Others</u>	<u>Total</u>
<u>Cost</u>

Except for the recognition of depreciation expenses, the Group's property, plant and equipment did not have significant addition, disposal and impairment for the years ended December 31, 2025 and 2024. Depreciation expenses were depreciated on a straight-line basis over the estimated useful life of the asset:

Buildings	39 to 60 years
Maintenance equipment	6 years
Computer equipment	3 to 6 years
Leasehold improvements	3 to 10 years
Others	
- Office equipment	3 to 8 years
-Transportation equipment	5 years

As of December 31, 2025 and 2024, the property, plant and equipment were not pledged as collateral.

(2) Assets leased under operating leases

	<u>Machinery equipment</u>
<u>Cost</u>	
Balance at January 1, 2025	\$ 30,145
Reclassification	( 590 )
Balance at December 31, 2025	<u>\$ 29,555</u>
<u>Accumulated depreciation and impairment</u>	
Balance at January 1, 2025	\$ 16,104
Depreciation expenses	4,759
Reclassification	( 396 )
Balance at December 31, 2025	<u>\$ 20,467</u>
Balance on December 31, 2025, net	<u>\$ 9,088</u>

	<u>Machinery equipment</u>
<u>Cost</u>	
Balance at December 31, 2024	<u>\$ 30,145</u>
<u>Accumulated depreciation and impairment</u>	
Balance at January 1, 2024	\$ 11,250
Depreciation expenses	<u>4,854</u>
Balance at December 31, 2024	<u>\$ 16,104</u>
Balance on December 31, 2024, net	<u>\$ 14,041</u>

Operating leases relate to leases of equipment with lease terms between 1 to 3 years. The lessees do not have bargain purchase options to acquire the assets at the expiry of the lease periods.

The maturity analysis of lease payments receivable under operating lease payments was as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Year 1	\$ 150	\$ 16,787
Year 2	<u>9</u>	<u>12</u>
	<u>\$ 159</u>	<u>\$ 16,799</u>

The above items of property, plant and equipment leased under operating leases are depreciated on a straight-line basis over 3 to 6 years estimated useful lives.

14. Lease agreements

(1) Right-of-use assets

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Carrying amount		
Buildings	<u>\$ 14,460</u>	<u>\$ 59,139</u>
	<u>2025</u>	<u>2024</u>
Addition to right-of-use assets	<u>\$ 4,124</u>	<u>\$ 12,448</u>
Depreciation charge for right-of-use assets		
Buildings	<u>\$ 48,652</u>	<u>\$ 48,721</u>

(2) Lease liabilities

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Carrying amount of lease liabilities		
Current	<u>\$ 6,590</u>	<u>\$ 47,738</u>
Non-current	<u>\$ 7,329</u>	<u>\$ 12,247</u>

The range of discount rate for lease liabilities were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Buildings	1.25% ~ 7.05%	1.04% ~ 7.64%

(3) Material leasing activities and terms

As lessee, the Group leases buildings for the use as offices and dormitory with lease terms of 2 to 10 years. All lease contracts with lease terms over 5 years specify that lease payments

will be adjusted every 5 years on the basis of changes in market rental rates. The Group does not have bargain purchase options to acquire the leasehold buildings at the end of the lease terms.

(4) Other lease information

Lease-out arrangements under operating leases for freehold property, plant, and equipment were set out in Note 13.

	<u>2025</u>	<u>2024</u>
Expenses relating to short-term leases	<u>\$ 10,768</u>	<u>\$ 10,350</u>
Expenses relating to variable lease payments not included in the measurement of lease liabilities	<u>\$ 500</u>	<u>\$ 635</u>
Total cash outflow from leases	<u>(\$ 62,044)</u>	<u>(\$ 61,281)</u>

As lessee, the Group leases certain buildings and leasehold improvements which qualify as short-term leases. The Group has elected to apply the recognition exemption and thus, did not recognize right-of-use assets and lease liabilities for these leases

15. Intangible assets

2025

	<u>Computer software costs</u>	<u>Goodwill</u>	<u>Total</u>
Balance at January 1, 2025	\$ 1,938	\$ 593	\$ 2,531
Additions	11,737	-	11,737
Amortization expenses	( 6,376 )	-	( 6,376 )
Net exchange difference	<u>9</u>	<u>-</u>	<u>9</u>
Carrying amounts at December 31, 2025	<u>\$ 7,308</u>	<u>\$ 593</u>	<u>\$ 7,901</u>

2024

	<u>Computer software costs</u>	<u>Goodwill</u>	<u>Total</u>
Balance at January 1, 2024	\$ 1,719	\$ 593	\$ 2,312
Additions	1,557	-	1,557
Amortization expenses	( 1,408 )	-	( 1,408 )
Net exchange difference	<u>70</u>	<u>-</u>	<u>70</u>
Carrying amounts at December 31, 2024	<u>\$ 1,938</u>	<u>\$ 593</u>	<u>\$ 2,531</u>

Computer software is being depreciated on a straight-line basis and will be amortized over 1 to 10 years.

16. Borrowings

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>Unsecured borrowings</u>		
- Line of credit borrowings	<u>\$ -</u>	<u>\$ 176,651</u>

The range of interest rates on bank revolving loans was 4.45%- 7.23% per annum as of December 31, 2024 .

17. Other payables

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Payables for salaries or bonus	\$ 332,978	\$ 341,689
Payables for value-added tax	35,781	44,851
Payables for insurance	22,064	20,782
Payables for pension	18,485	17,451
Payable for compensation of employees	11,800	11,500
Payables for annual leave	2,192	2,267
Others	<u>22,612</u>	<u>29,902</u>
	<u>\$ 445,912</u>	<u>\$ 468,442</u>

18. Retirement benefit plans

(1) Defined contribution plans

The Company, Coach Technology Management Inc., Syscom Information Engineering Co. and Netmaker Technology Co., Ltd. of the Group adopted a pension plan under the Labor Pension Act (the "LPA"), which is a state-managed defined contribution plan. Under the LPA, an entity makes monthly contributions to employees' individual pension accounts at 6% of monthly salaries and wages.

(2) Defined benefit plans

The defined benefit plan adopted by the Company, Syscom Information Engineering Co. and Netmaker Technology Co., Ltd. of the Group in accordance with the Labor Standards Law is operated by the government of the ROC. Pension benefits are calculated on the basis of the length of service and average monthly salaries of the 6 months before retirement. The Group contributes amounts equal to 2% of total monthly salaries and wages to a pension fund administered by the pension fund monitoring committee. Pension contributions are deposited in the Bank of Taiwan in the committee's name. Before the end of each year, the Company assesses the balance in the pension fund. If the amount of the balance in the pension fund is inadequate to pay retirement benefits for employees who conform to retirement requirements in the next year, the Company is required to fund the difference in one appropriation that should be made before the end of March of the next year. The pension fund is managed by the Bureau of Labor Funds, Ministry of Labor ("the Bureau"); the Company has no right to influence the investment policy and strategy.

The amounts included in the balance sheets in respect of the Group's defined benefit plans were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Present value of defined benefit obligations	\$ 260,037	\$ 255,002
Fair value of plan assets	( <u>218,593</u> )	( <u>198,596</u> )
Net defined benefit liabilities	<u>\$ 41,444</u>	<u>\$ 56,406</u>

Movements in net defined benefit liabilities (assets) were as follows:

	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liabilities (assets)
Balance at January 1, 2024	\$ 213,160	(\$ 171,213)	\$ 41,947
Current service costs	150	-	150
Net interest expense (income)	2,353	( 1,885)	468
Recognized in profit or loss	2,503	( 1,885)	618
Remeasurement			
Return on plan assets (excluding amounts included in net interest)	-	( 15,321)	( 15,321)
Actuarial gains - changes in financial assumptions	( 5,798)	-	( 5,798)
Actuarial losses - experience adjustments	49,596	-	49,596
Recognized in other comprehensive income	43,798	( 15,321)	28,477
Contributions from the employer	-	( 14,636)	( 14,636)
Benefits paid	( 4,459)	4,459	-
Balance at December 31, 2024	255,002	( 198,596)	56,406
Current service cost	72	-	72
Interest expense (income)	3,695	( 2,841)	854
Recognized in profit or loss	3,767	( 2,841)	926
Remeasurement			
Return on plan assets (excluding amounts included in net interest)	-	( 13,984)	( 13,984)
Actuarial losses - changes in financial assumptions	3,358	-	3,358
Actuarial losses - experience adjustments	2,298	-	2,298
Recognized in other comprehensive income	5,656	( 13,984)	( 8,328)
Contributions from the employer	-	( 7,560)	( 7,560)
Benefits paid	( 4,388)	4,388	-
Balance at December 31, 2025	\$ 260,037	(\$ 218,593)	\$ 41,444

An analysis by function of the amounts recognized in profit or loss in respect of the defined benefit plans is as follows:

	2025	2024
Operating costs	\$ 79	\$ 80
Operating expenses	847	538
	<u>\$ 926</u>	<u>\$ 618</u>

Through the defined benefit plans under the Labor Standards Law, the Group is exposed to the following risks:

- A. Investment risk: The plan assets are invested in domestic and foreign equity and debt securities, bank deposits, etc. The investment is conducted at the discretion of the Bureau or under the mandated management. However, in accordance with relevant regulations, the return generated by plan assets should not be below the interest rate for a 2-year time deposit with local banks.

- B. Interest rate risk: A decrease in the government bond interest rate will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the plan's debt investments.
- C. Salary risk: The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the present value of the defined benefit obligation.

The actuarial valuations of the present value of the defined benefit obligation were carried out by qualified actuaries. The significant assumptions used for the purposes of the actuarial valuations were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Discount rate	1.30%~1.35%	1.55%~1.60%
Expected rate of salary increase	2.00%	2.00%

If possible reasonable changes in each of the significant actuarial assumptions will occur and all other assumptions will remain constant, the present value of the defined benefit obligation would increase (decrease) as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Discount rate		
0.25% increase	(\$ <u>3,353</u> )	(\$ <u>3,512</u> )
0.25% decrease	\$ <u>3,433</u>	\$ <u>3,598</u>
Expected rate of salary increase		
0.25% increase	\$ <u>3,401</u>	\$ <u>3,572</u>
0.25% decrease	(\$ <u>3,339</u> )	(\$ <u>3,506</u> )

The sensitivity analysis presented above may not be representative of the actual changes in the present value of the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Expected contributions to the plans for the next year	\$ <u>2,583</u>	\$ <u>2,524</u>
Average duration of the defined benefit obligation	5.19Years~8.13Years	5.52Years~8.92Years

19. Equity

(1) Share capital - ordinary shares

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Number of authorized shares (in thousands)	<u>157,000</u>	<u>157,000</u>
Amount of authorized shares	\$ <u>1,570,000</u>	\$ <u>1,570,000</u>
Number of issued and fully paid shares (in thousands)	<u>100,000</u>	<u>100,000</u>
Amount of issued and fully paid shares	\$ <u>1,000,000</u>	\$ <u>1,000,000</u>

Fully paid ordinary shares, which have a par value of \$10, carry one vote per share and carry a right to dividends.

(2) Capital surplus

Such capital surplus arise from the difference between consideration paid or received and the carrying amount of the subsidiaries' net assets during actual acquisition or disposal under equity transactions and from donated assets.

(3) Retained earnings and dividend policy

In accordance with the Company's Articles of Incorporation, if the Company made profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, unless the legal reserve has reached the Company's total paid-up capital. The remaining profit shall be set aside or reverse a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan. The board of directors is authorized to adopt a special resolution to distribute dividends and bonuses in cash and a report of such distribution should be submitted in the shareholders' meeting. However, other additional distribution should be resolved in the shareholders' meeting for distribution of dividends and bonus to shareholders. For the policies on distribution of employees' compensation and remuneration of directors, refer to "employee's compensation and remuneration of directors" in Note 21,(7).

The Company distributes both cash and share dividends, taking into account its profitability, future capital expenditure requirements and cash position. The distribution of cash dividends should not be less than 10% of the total dividends of the year. The Company may raise the percentage of cash dividend distribution only if the Company's earnings and cash position are strong.

An appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficits. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

Pursuant to existing regulations, the Company is required to set aside additional special reserve equivalent to the net debit balance of the other equity interests. Any special reserve appropriated may be reversed to the extent that the net debit balance reverses and is thereafter distributed.

The appropriations of earnings and dividends per share for 2024 and 2023 were approved in the shareholders' meetings on June 11, 2025 and June 12, 2024, respectively, were as follows:

	<u>2024</u>	<u>2023</u>
Legal reserve	<u>\$ 28,013</u>	<u>\$ 27,613</u>
Cash dividends	<u>\$ 260,000</u>	<u>\$ 240,000</u>
Cash dividends per share (NT\$)	<u>\$ 2.6</u>	<u>\$ 2.4</u>

The appropriation of earnings for 2025 had been proposed by the Company's board of directors on March 13, 2026. The appropriation and dividends per share were as follows:

	<u>2025</u>
Legal reserve	<u>\$ 31,531</u>
Cash dividends	<u>\$ 280,000</u>
Cash dividends per share (NT\$)	<u>\$ 2.8</u>

The above appropriations for cash dividends were resolved by the Company's board of directors, other additional distribution should be resolved in the shareholders' meeting to be held on June 11, 2026.

(4) Special reserve

On the first-time adoption of IFRSs, the Group appropriated for special reserve, the amount that was the same as the cumulative translation differences transferred to retained earnings, which was \$17,619 thousand.

(5)	Other equity items						
	A.	Exchange differences on translation of financial statements of foreign operations

20. Revenue

	<u>2025</u>	<u>2024</u>
Revenue from contracts with customers		
Contract revenue and revenue from sale of goods	\$ 5,641,509	\$ 5,363,132
Revenue from rendering of services	1,774,348	1,552,568
Rental income		
Rental income from equipment	<u>16,983</u>	<u>17,029</u>
	<u>\$ 7,432,840</u>	<u>\$ 6,932,729</u>

(1) Contract information

Revenue from contracts with customers

Contract revenue comes from rendering of computer software and hardware integration services according to contract, which is recognized by reference to the stage of completion of contract activity. The consideration promised is paid by customers based on the schedule in the contract.

Revenue from the sale of goods is recognized when performance obligations are satisfied. The performance obligations are satisfied when customers obtained control and right of use of the promised good and bear inventory risks.

Revenue from rendering of services

Revenue from rendering of services comes from maintenance services. The Group requires partial payments from the customers when the contract is signed. Revenue is recognized on a straight-line basis during the contract period.

(2) Contract balances

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Accounts receivable (Note 9)	<u>\$ 1,118,681</u>	<u>\$ 1,157,180</u>
Contract assets		
System integration services	\$ 670,533	\$ 858,494
Less: Allowance for impairment loss	<u>-</u>	<u>-</u>
Contract assets - current	<u>\$ 670,533</u>	<u>\$ 858,494</u>
Contract liabilities		
System integration services	<u>\$ 379,968</u>	<u>\$ 611,197</u>

The changes in the balance of contract assets and contract liabilities primarily result from the timing difference between the Group's performance and the respective customer's payment. Except for adjustments resulting from the changes in the measure of progress, there was no significant change in the current period.

(3) Revenue from contracts with customers  
2025

<u>Type of products or services</u>	Reportable segment		Total

- (7) Employees' compensation and remuneration of directors
- According to the Articles of Incorporation of the Company, the Company accrued employees' compensation at rates of no less than 3%. In accordance with the amendment to the Securities and Exchange Act in August 2024, the Company resolved the amendment to its Articles of Incorporation at the 2025 Meeting of Shareholders to stipulate that the compensation for grassroots employees shall be no less than 20% of the employee compensation amount set aside in that year. The employees' compensation (include the compensation for grassroots employees) in the amounts of \$11,800 thousand and \$11,500 thousand, both representing 3.01% of net profit before tax for the years ended December 31, 2025 and 2024, respectively, were approved by the Company's board of directors on March

13, 2026 and March 12, 2025, respectively. The Company did not accrue remuneration of directors for the years ended December 31, 2025 and 2024.

If there is a change in the amounts after the annual financial statements are authorized for issue, the differences are recorded as a change in the accounting estimate.

There is no difference between the actual amounts of employees' compensation and remuneration of directors paid and the amounts recognized in the financial statements for the years ended December 31, 2024 and 2023.

Information on the employees' compensation resolved by the Company's board of directors in 2026 and 2025 is available at the Market Observation Post System website of the Taiwan Stock Exchange.

22. Income tax

(1) Major components of tax expense recognized in profit or loss

	<u>2025</u>	<u>2024</u>
Current tax		
In respect of the current year	\$ 68,395	\$ 62,196
Adjustments for prior years	1,252	1,220
Deferred tax		
In respect of the current year	<u>1,514</u>	<u>2,323</u>
Income tax expense recognized in profit or loss	<u>\$ 71,161</u>	<u>\$ 65,739</u>

A reconciliation of accounting profit and income tax expense is as follows:

	<u>2025</u>	<u>2024</u>
Profit before income tax	<u>\$ 381,436</u>	<u>\$ 370,422</u>
Income tax expense calculated at the statutory rate	\$ 68,533	\$ 70,045
Nondeductible expenses in determining taxable income	3,090	3,141
Tax-exempt income	( 1,058 )	( 682 )
Investment tax credit	( 21,695 )	( 18,394 )
Unrecognized deductible temporary differences	11,267	5,245
Unrecognized tax loss carryforward	9,772	5,164
Adjustments for prior years' tax	<u>1,252</u>	<u>1,220</u>
Income tax expense recognized in profit or loss	<u>\$ 71,161</u>	<u>\$ 65,739</u>

(2) Income tax recognized in other comprehensive income

	<u>2025</u>	<u>2024</u>
<u>Deferred tax</u>		
In respect of the current year		
- Remeasurement of defined benefit plans	<u>\$ 1,391</u>	<u>( \$ 5,821 )</u>

(3) Deferred tax assets and liabilities

The movements of deferred tax assets and deferred tax liabilities are as follows:

For the year ended December 31, 2025

	Opening Balance	Recognized in profit or loss	Recognized in other comprehensive income	Closing Balance
<u>Deferred income tax assets</u>				
Temporary differences				
Unrealized write-downs of inventories	\$ 1,095	(\$ 740)	\$ -	\$ 355
Defined benefit obligations	11,920	( 1,121)	( 1,391)	9,408
Others	1,987	51	-	2,038
Loss carryforward	<u>1,088</u>	<u>( 172)</u>	<u>-</u>	<u>916</u>
	<u>\$ 16,090</u>	<u>(\$ 1,982)</u>	<u>(\$ 1,391)</u>	<u>\$ 12,717</u>
<u>Deferred income tax liabilities</u>				
Temporary differences				
Unappropriated earnings of subsidiaries and associates	(\$ 9,735)	\$ 674	\$ -	(\$ 9,061)
Others	<u>( 800)</u>	<u>( 206)</u>	<u>-</u>	<u>( 1,006)</u>
	<u>(\$ 10,535)</u>	<u>\$ 468</u>	<u>\$ -</u>	<u>(\$ 10,067)</u>

For the year ended December 31, 2024

	Opening Balance	Recognized in profit or loss	Recognized in other comprehensive income	Closing Balance
<u>Deferred income tax assets</u>				
Temporary differences				
Unrealized write-downs of inventories	\$ 484	\$ 611	\$ -	\$ 1,095
Defined benefit obligations	8,918	( 2,819)	5,821	11,920
Others	1,906	81	-	1,987
Loss carryforward	<u>1,178</u>	<u>( 90)</u>	<u>-</u>	<u>1,088</u>
	<u>\$ 12,486</u>	<u>(\$ 2,217)</u>	<u>\$ 5,821</u>	<u>\$ 16,090</u>
<u>Deferred income tax liabilities</u>				
Temporary differences				
Unappropriated earnings of subsidiaries and associates	(\$ 9,614)	(\$ 121)	\$ -	(\$ 9,735)
Others	<u>( 815)</u>	<u>15</u>	<u>-</u>	<u>( 800)</u>
	<u>(\$ 10,429)</u>	<u>(\$ 106)</u>	<u>\$ -</u>	<u>(\$ 10,535)</u>

- (4) Deductible temporary differences for which no deferred tax assets have been recognized in the balance sheets

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Deductible temporary differences	<u>\$ 335</u>	<u>\$ 335</u>

- (5) Income tax assessment

The Company's and subsidiaries' income tax returns have been assessed by the tax authorities as follows:

<u>Name of the company</u>	<u>Year of assessment</u>
The Company	2023
Netmaker Technology Co., Ltd.	2023
Syscom Information Engineering Co.	2023
Coach Technology Management Inc.	2023

23. Earnings per share

The earnings and weighted average number of ordinary shares outstanding in the computation of earnings per share were as follows:

Net profit for the year

	<u>2025</u>	<u>2024</u>
Earnings used in the computation of basic earnings per share	<u>\$ 311,824</u>	<u>\$ 306,397</u>
Earnings used in the computation of diluted earnings per share	<u>\$ 311,824</u>	<u>\$ 306,397</u>

Shares

	<u>2025</u>	<u>2024</u>
		(Thousands shares)
Weighted average number of ordinary shares used in the computation of basic earnings per share	100,000	100,000
Effect of potentially dilutive ordinary shares:		
Employees' compensation	<u>259</u>	<u>234</u>
Weighted average number of ordinary shares used in the computation of diluted earnings per share	<u>100,259</u>	<u>100,234</u>

Since the Group offered to settle compensation paid to employees in cash or shares, the Group assumed the entire amount of the compensation will be settled in shares and the resulting potential shares were included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year

24. Capital management

The Group manages its capital to ensure that the Group will be able to continue as going concerns while maximizing the return to shareholders through the optimization of the debt and equity balance. The Group's overall strategy remains unchanged from 2013.

The capital structure of the Group consists of net debt (borrowings offset by cash and cash equivalents) and equity attributable to owners of the Group (comprising issued capital, reserves, retained earnings, other equity and non-controlling interest).

The Group is not subject to any externally imposed capital requirements.

Key management personnel of the Group review the capital structure on an annual basis. As part of this review, the key management personnel consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the key management personnel, in order to balance the overall capital structure, the Group may adjust the amount of dividends paid to shareholders, or the amount of new debt issued or existing debt redeemed.

25. Equity transactions with non-controlling interests

In February 2024, the Company subscribed for new shares issued by Xian Linan Computer Co., Ltd. at a percentage different from its original ownership percentage, and consequently the shareholding in Xian Linan Computer Co., Ltd. increased. Please refer to Note 11.

In April 2025, the Company disposed of part of its interest in Netmaker Technology Co., Ltd. In November 2024, April, June, October and November 2025, the Company acquired interest in Syscom Information Engineering Co. and Netmaker Technology Co., Ltd., and consequently the shareholding in above companies increased. Please refer to Note 11.

In November 2025, the Company subscribed for new shares issued by Syscom Computer (Shenzhen)Co., Ltd. at a percentage different from its original ownership percentage, and consequently the shareholding in Syscom Computer (Shenzhen)Co., Ltd. increased. Please refer to Note 11.

The above transactions were accounted for as equity transactions, since the Company did not cease to have control over its subsidiary.

2025

	Syscom Computer (Shenzhen)Co., Ltd.	Netmaker Technology Co.,Ltd.	Syscom Information Engineering Co.	Total
Consideration paid	\$ -	(\$ 2,084)	(\$ 5)	(\$ 2,089)
The proportionate share of the carrying amount of the net assets of the subsidiaries transferred to non-controlling interests	( <u>3,602</u> )	<u>2,496</u>	<u>3</u>	( <u>1,103</u> )

	( <u>\$ 14</u> )	( <u>\$ 3,731</u> )	( <u>\$ 3,745</u> )

26. Financial instruments

(1) Fair value of financial instruments not measured at fair value

The Group's management believes the carrying amounts of financial assets and financial liabilities recognized in the financial statements approximate their fair values. Therefore, the carrying amounts of balance sheet is a reasonable basis for estimating the fair value.

## (2) Fair value of financial instruments that are measured at fair value on a recurring basis

Fair value hierarchyDecember 31, 2025

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

There were no transfers between Level 1 and Level 2 f in the current and prior periods.

## (3) Categories of financial instruments

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
<u>Financial assets</u>		
Mandatorily classified as at FVTPL	\$ 271	\$ 463
Financial assets at amortized cost (Note 1)	2,147,979	2,364,851
Financial assets at FVTOCI Equity instruments	51,845	49,063
<u>Financial liabilities</u>		
Financial liabilities at amortized cost (Note 2)	1,750,635	1,894,112

Note 1: The balances include financial assets measured at amortized cost, which comprise cash and cash equivalents, debt investments, notes receivable, accounts receivable, lease receivable and other receivables.

Note 2: The balances include financial liabilities measured at amortized cost, which comprise short-term loans, notes payable, accounts payable and other payables.

## (4) Financial risk management objectives and policies

The Group's major financial instruments include equity and debt investments, accounts receivable, accounts payable, loans and lease liabilities. The Group's Corporate Treasury function provides services to the business, coordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including currency risk and interest rate risk), credit risk and liquidity risk.

A. Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates (see a. below) and interest rates (see b. below).

a. Foreign currency risk

The Group have foreign currency sales and purchases, which exposes the Group to foreign currency risk.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are set out in Note 30.

Sensitivity analysis

The Group is mainly exposed to USD and JPY.

The following details the Group's sensitivity to a 10% increase and decrease in New Taiwan dollars (the functional currency) against the relevant foreign currencies. The sensitivity rate of 10% used when reporting foreign currency risk internally to key management personnel and representing management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis included only outstanding foreign currency denominated monetary items and foreign currency forward contracts designated as cash flow hedges and adjusts their translation at the end of the reporting period for a 10% change in foreign currency rates. A positive number below indicates an increase in pre-tax profit with the New Taiwan dollar strengthening 10% against the relevant currency. For a 10% weakening of the New Taiwan dollar against the relevant currency, there would be an equal and opposite impact on pre-tax profit, and the balances below would be negative.

	Profit or Loss	
	2025	2024
USD	(\$ 9,246)	\$ 20,531
JPY	( 503)	( 1,302)

The above effect of exchange rate changes was mainly attributable to the exposure outstanding on foreign currency cash, receivables, payables and borrowings, which were not hedged at the end of the reporting period.

b. Interest rate risk

The Group is exposed to interest rate risk because the Group borrow funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix of fixed and floating rate borrowings.

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	December 31, 2025	December 31, 2024
Fair value interest rate risk		
- Financial assets	\$ 584,968	\$ 719,248
- Financial liabilities	13,919	59,985
Cash flow interest rate risk		
- Financial assets	433,661	468,996
- Financial liabilities	-	176,651

Sensitivity analysis

The sensitivity analysis below was determined based on the Group's exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis was prepared assuming the amount of each liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used

when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 1 basis points higher/lower and all other variables were held constant, the Group's pre-tax profit for the years ended December 31, 2025 and 2024 would increase/decrease by \$1,084 thousand and \$731 thousand, respectively.

B. Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk, which would cause a financial loss to the Group due to the failure of counterparties to discharge its obligation and due to the financial guarantees provided by the Group, could arise from the carrying amount of the respective recognized financial assets as stated in the balance sheets.

The Group adopted a policy of only dealing with creditworthy counterparties. Before trading with new customers, the Group assessed the credit quality of potential customer by internal credit checking and set the credit limit which is reassessed annually.

C. Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants

The Group relies on bank borrowings as a significant source of liquidity. As of December 31, 2025 and 2024, the Group had available unutilized short-term bank loan facilities set out in b. below.

a. Liquidity and interest risk rate table for non-derivative financial liabilities

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay. The table included both interest and principal cash flows. Specifically, bank loans with a repayment on demand clause were included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities were based on the agreed repayment dates.

December 31, 2025

	On Demand or Less than 1 Month	1~3 months	3 months~1 year	1~5 years	More than 5 years
<u>Non-derivative financial liabilities</u>					
Non-interest bearing	\$ -	\$ 1,750,635	\$ -	\$ -	\$ -
Lease liabilities	780	1,560	5,341	7,529	-
	<u>\$ 780</u>	<u>\$ 1,752,195</u>	<u>\$ 5,341</u>	<u>\$ 7,529</u>	<u>\$ -</u>

Further information about the maturity analysis for lease liabilities was as follows:

	Less than 1 year	1 to 5 years	5 to 10 years
Lease liabilities	<u>\$ 7,681</u>	<u>\$ 7,529</u>	<u>\$ -</u>

December 31, 2024

	On Demand or Less than 1 Month	1~3 months	3 months~1 year	1~5 years	More than 5 years
<u>Non-derivative financial liabilities</u>					
Non-interest bearing	\$ -	\$ 1,716,354	\$ -	\$ -	\$ -
Lease liabilities	4,225	8,427	36,266	12,738	-
Variable interest rate liabilities	40,326	70,241	69,902	-	-
	<u>\$ 44,551</u>	<u>\$ 1,795,022</u>	<u>\$ 106,168</u>	<u>\$ 12,738</u>	<u>\$ -</u>

Further information about the maturity analysis for lease liabilities was as follows:

	Less than 1 year	1 to 5 years	5 to 10 years
Lease liabilities	<u>\$ 48,918</u>	<u>\$ 12,738</u>	<u>\$ -</u>

The amounts included above for variable interest rate instruments for non-derivative financial liabilities is subject to change if changes in variable interest rates differ from those estimates of interest rates determined at the end of the reporting period.

b. Financing facilities

	December 31, 2025	December 31, 2024
Unsecured bank financing facilities, reviewed annually and payable on demand:		
- Amount used	\$ 916,323	\$ 1,089,626
- Amount unused	<u>2,743,705</u>	<u>1,916,371</u>
	<u>\$ 3,660,028</u>	<u>\$ 3,005,997</u>

27. Related Party Transactions

Transactions and balances between the Company and its subsidiaries, which were related parties of the Company, had been eliminated on consolidation and are not disclosed in this note. Besides as disclosed elsewhere in the other notes, details of transactions between the Group and other related parties were disclosed below.

(1) Related-party and its relationship

Related party	Relationship
Furly Investment Co., Ltd.(Furly Investment)	Substantive related party
Chuan Gao Investment Co., Ltd.(Chuan Gao Investment)	Substantive related party
DBMaker Japan Inc.	Associate
Cloudmaster Co., Ltd. ( CloudMaster)	Joint venture

(2) Operating revenue (sales, maintenance and rental revenue)

Related Party Categories	2025	2024
Associate	\$ 19,863	\$ 28,080
Joint venture	<u>3,336</u>	<u>3,754</u>

		<u>\$ 9,047</u>	<u>\$ 8,779</u>

(9)	Rental revenue			
	<u>Line Item</u>	<u>Related Party Categories/Name</u>	<u>2025</u>	<u>2024</u>
	Other income	Joint venture CloudMaster	<u>\$ 1,669</u>	<u>\$ 1,797</u>

(10)	Compensation of key management personnel			
			<u>2025</u>	<u>2024</u>
	Short-term employee benefits		\$ 364,402	\$ 356,530
	Post-employment benefits		<u>14,216</u>	<u>13,602</u>
			<u>\$ 378,618</u>	<u>\$ 370,132</u>

The remuneration of directors and key executives was determined by the remuneration committee based on the performance of individuals and market trends.

28. Assets Pledged as Collateral

The assets pledged as collaterals for system design contract, bank loans and for product warranty were as follows:

		<u>December 31, 2025</u>	<u>December 31, 2024</u>
	Pledge deposits (classified as financial assets at amortized cost)	<u>\$ 279,312</u>	<u>\$ 349,765</u>

29. Significant Contingent Liabilities and Unrecognized Commitments

As of December 31, 2025, for the contracts with customers, the Group issued guarantee notes and had bank guarantee amounting to \$119,539 thousand and \$916,323 thousand, respectively.

30. Significant Assets and Liabilities Denominated in Foreign Currencies

The Group's significant financial assets and liabilities denominated in foreign currencies aggregated by the foreign currencies other than functional currencies and the related exchange rates between foreign currencies and respective functional currencies were as follows

December 31, 2025

		<u>Foreign Currencies</u>	<u>Exchange rate</u>	<u>Carrying amount</u>
	<u>Financial assets</u>			
	<u>Monetary item</u>			
	USD	\$ 3,203	31.430	\$ 100,684
	JPY	26,899	0.2008	5,401
	<u>Non-monetary item</u>			
	JPY	63,253	0.2008	12,701
	<u>Financial liabilities</u>			
	<u>Monetary item</u>			
	USD	262	31.430	8,228
	JPY	1,851	0.2008	371

December 31, 2024

	Foreign Currencies	Exchange rate	Carrying amount
<u>Financial assets</u>			
<u>Monetary item</u>			
USD	\$ 959	32.785	\$ 31,427
JPY	79,459	0.2099	16,678
<u>Non-monetary item</u>			
JPY	67,388	0.2099	14,145
<u>Financial liabilities</u>			
<u>Monetary item</u>			
USD	7,221	32.785	236,737
JPY	17,408	0.2099	3,654

The significant realized and unrealized foreign exchange gains (losses) were as follows:

Foreign currency	2025		2024	
	Exchange rate	Net Foreign Exchange Gain (Loss)	Exchange rate	Net Foreign Exchange Gain (Loss)
USD	31.180(USD: NTD)	\$ 682	32.112(USD: NTD)	\$ 3,778
USD	7.1440(USD: RMB)	2,046	7.1203(USD: RMB)	( 1,632)
JPY	0.0479(JPY : RMB)	60	0.0472(JPY : RMB)	( 1,256)

31.

Separately Disclosed Items

- (1) Information on significant transactions
  - A. Financing provided to others: None.
  - B. Endorsements/guarantees provided (Table 1).
  - C. Significant marketable securities held (excluding investment in subsidiaries, associates and joint ventures) (Table 2).
  - D. Total purchases from or sales to related parties amounting to at least NT\$100 million or 20% of the paid-in capital: None.
  - E. Receivables from related parties amounting to at least NT\$100 million or 20% of the paid-in capital: None.
  - F. Other: Intercompany relationships and significant intercompany transactions: (Table 3).
- (2) Information on investees: (Table 4).
- (3) Information on investments in Mainland China:
  - A. Information on any investee company in mainland China, showing the name, principal business activities, paid-in capital, method of investment, inward and outward remittance of funds, ownership percentage, investment income or loss, carrying amount of the investment at the end of the period, repatriations of investment income, and limit on the amount of investment in the mainland China area: (Table 5)
  - B. Any of the following significant transactions with investee companies in mainland China, either directly or indirectly through a third party, and their prices, payment terms, and unrealized gains or losses: None
    - a. The amount and percentage of purchases and the balance and percentage of the related payables at the end of the period.
    - b. The amount and percentage of sales and the balance and percentage of the related receivables at the end of the period.
    - c. The amount of property transactions and the amount of the resultant gains or losses.
    - d. The balance of negotiable instrument endorsements or guarantees or pledges of collateral at the end of the period and the purposes.

- e. The highest balance, the end of period balance, the interest rate range, and total current period interest with respect to financing of funds.
- f. Other transactions that have a material effect on the profit or loss for the year or on the financial position, such as the rendering or receipt of services.

32. Segment Information

Information reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided. The Group's reportable segments were the operating segments of the Company and the entities controlled by the Company.

(1) Segment revenue and results

	Segment revenue		Segment profit or loss	
	2025	2024	2025	2024
Reportable segment				
Business segments of the Company	\$ 7,278,627	\$ 6,709,840	\$ 405,154	\$ 332,653
Business segments of the entities controlled by the Company	244,173	269,038	( 53,406 )	( 19,815 )
Elimination of inter-segment revenue	( 89,960 )	( 46,149 )	1,019	2,048
Total of reportable segments	<u>\$ 7,432,840</u>	<u>\$ 6,932,729</u>	352,767	314,886
Non-operating income and expense			<u>28,669</u>	<u>55,536</u>
Net profit before tax			<u>\$ 381,436</u>	<u>\$ 370,422</u>

Segment revenue reported above represents revenue generated from external customers and inter-segment transactions

(2) Total segment assets and liabilities

	December 31, 2025	December 31, 2024
<u>Segment assets</u>		
Business segments of the Company	\$ 4,140,028	\$ 4,494,302
Business segments of the entities controlled by the Company	<u>370,564</u>	<u>385,228</u>
Total	<u>\$ 4,510,592</u>	<u>\$ 4,879,530</u>
<u>Segment liabilities</u>		
Business segments of the Company	\$ 2,204,591	\$ 2,438,808
Business segments of the entities controlled by the Company	<u>59,173</u>	<u>256,471</u>
Total	<u>\$ 2,263,764</u>	<u>\$ 2,695,279</u>

(3) Geographical information

The Group operates principally mainly in four regions - Taiwan, China, the U.S.A. and Southeast Asia.

The Groups' revenue from external customers and information about its non-current assets by geographical location are detailed below:

	Revenue from external customers		Non-current assets	
	2025	2024	December 31, 2025	December 31, 2024
Taiwan	\$ 7,279,759	\$ 6,778,742	\$ 413,973	\$ 465,329
China	89,265	119,551	7,232	8,739
U.S.A.	6,998	5,228	19,394	20,888
Southeast Asia	<u>56,818</u>	<u>29,208</u>	<u>1,613</u>	<u>2,179</u>
	<u>\$ 7,432,840</u>	<u>\$ 6,932,729</u>	<u>\$ 442,212</u>	<u>\$ 497,135</u>

Non-current assets exclude financial instruments, deferred tax assets, and post-employment benefit assets.

(4) Information of major customers

Revenue from system design, integration, maintenance and rental in 2025 and 2024: \$7,432,840 thousand and \$6,932,729 thousand, where \$1,122,805 thousand and \$890,752 thousand were from the largest customer of the Group.
